Self Adhesive Corrugated Strip

SS0481

Ribbed Shelf Merchandiser

Tear along perforations to allow a variety of widths and depths to be created to suit the application. (red lines indicate the perforations).

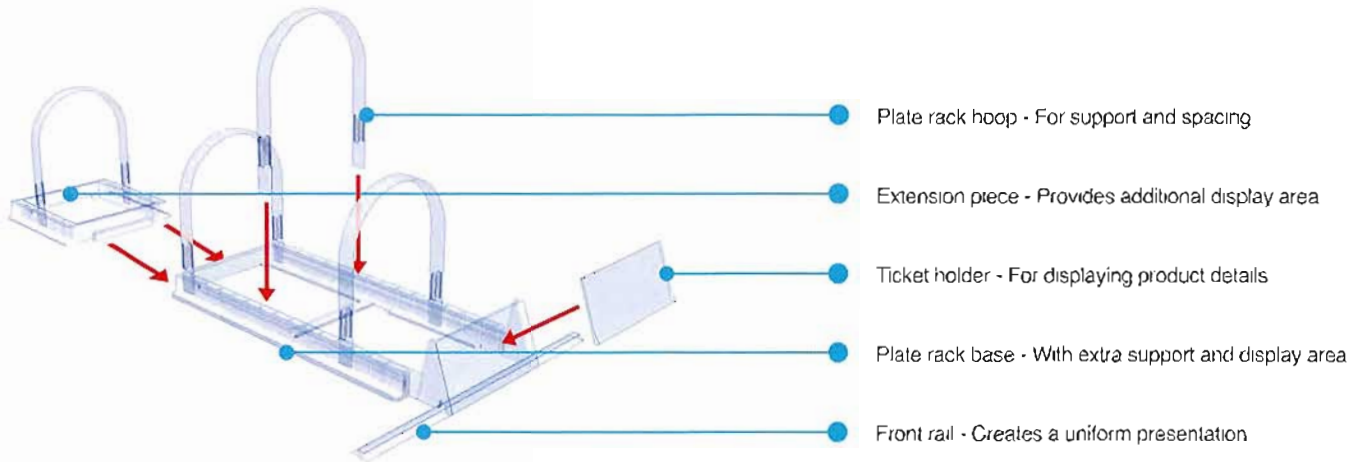

All dimensions in mm.

Product Code	W	D	H
SS0929 - RPET	500	400	-

Presentation is key to improving sales. Packs are kept upright and uniformly displayed. The front edge rib is larger to prevent product falling from the shelf and allows a branding sticker to be displayed. Recycled RPET not PVC. RPET is produced from 50% recycled material, RPET is accepted as a recyclable material throughout Europe, PVC is not. Standard material is vacuum formed in clear 300 micron RPET. Other colours and sizes are available subject to minimum quantities.

Plate Rack - Adjusts to your product

- **Create a consistent uniform presentation**

Create a consistent uniform presentation. Our plate rack is the ideal solution for displaying a variety of tableware items, such as plates, bowls, place mats etc or alternatively, items such as photo frames, in a consistent and uniform manner.

- **Adjusts to fit your product.**

It is supplied with three hoops per base that can be adjusted to suit all plate sizes. Individual hoops can also be purchased to allow extra plates to be displayed.

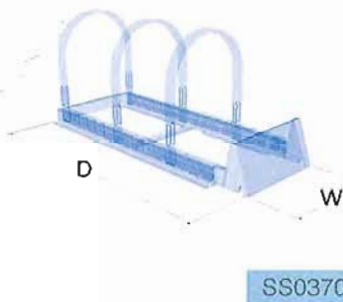

- **Optional extension piece.**

For additional display area, an optional extension piece which is supplied with one hoop, clips to the rear of the plate rack.

Plate Rack

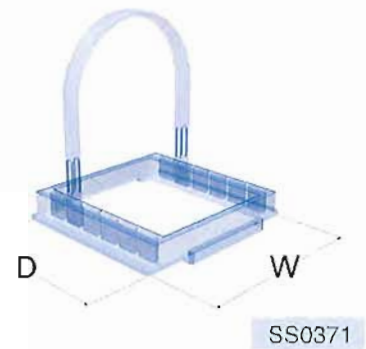

All dimensions in mm.
